

beamó

COMPACT POWERFUL SIMPLE

— The World's Smallest CO2 Laser Cutter

Powerful

beamo cuts through wood, acrylic, leather with thickness up to 5 mm. What's more? Engrave high-resolution design directly on anode metal, glass, and stone.

Compact

Small footprint of just four letter-sized sheets of paper. The amazing quality and compact design make beamo suitable for any home, school, or small business.

Simple

Compatible with JPG / PNG / SVG / DXF, so just use the graphics editor that is best for you! With our app, BeamCam, just take a picture and upload, beamo will do the rest.
